Presidential Financial CEO Hosts Former Arkansas Governor Mike Huckabee

For Immediate Release - November 4, 2009

ATLANTA – Presidential CEO, Tom Matthesen, hosted and addressed a forum on education at the Cobb Galleria Centre, which featured former Arkansas Governor and Presidential candidate Mike Huckabee as the speaker. Over 1,200 were in attendance. Matthesen is the Chairman of a private school in North Atlanta and the event provided an opportunity to discuss education and its impact on our culture. Other esteemed guests included U.S. Congressman Tom Price, Georgia Secretary of State and gubernatorial candidate Karen Handel, Georgia House Majority Leader Jerry Keen, and Georgia State Representative Harry Geisinger.

“This was a great opportunity to have Governor Huckabee as our guest. I was able to spend some time with him prior to the event, and it was refreshing to hear some straight talk and conservative ideas from someone that is in the forefront of the political spectrum,” Matthesen said.

About Presidential Financial

Presidential Financial Corporation specializes in asset-based credit lines for commercial businesses, secured by accounts receivable and inventory. The firm’s clients include service businesses, manufacturing companies, wholesalers and distributors, and technology companies, among others.

Presidential’s Healthcare Division, Presidential Healthcare Credit, provides receivables-based facilities for healthcare providers. Headquartered in Atlanta and founded in 1981, the company serves clients nationwide.
