**Presidential Financial Corporation Provides
Additional Funding to Growing Clients**

ATLANTA – In addition to closing and funding new transactions, Presidential Financial is especially proud when our existing clients are growing and need additional funding. Here are just a couple of recent examples:

A \$1 million line of credit increase to a Georgia-based client that provides workers compensation claim management services.

A \$500,000 line of credit increase to a manufacturer of geo-textile fabrics located in Georgia.

Presidential Financial Corporation specializes in asset-based credit lines for commercial businesses, secured by accounts receivable and inventory. The firm's clients include service businesses, manufacturing companies, wholesalers and distributors, and technology companies, among others. Presidential's Healthcare Division, Presidential Healthcare Credit, provides receivables-based facilities for healthcare providers. Headquartered in Atlanta and founded in 1981, the company serves clients nationwide. For more information, visit www.PresidentialFinancial.com.
